HANDCRAFTSMANSHIP by AANGENAAM XL

Our products are handmade, using time-honoured methods and artisanal tools. We insist on doing things in the most complex, labour intensive, tried and tested way, because it makes a difference. From raw beginnings, deliberate and beautifully handcrafted pieces are delivered, giving each table its own unique look.

We make items of brass & copper and with a zinc finish each bringing a different mood and style to your interior. These are vintage inspired with a surface which has not been treated with any kind of protection. Marks, stains and scratches may show up more easily adding a strong sense of character resulting in a product that becomes more beautiful over time.

Maintenance instructions for these products:

- Wipe up spills immediately using a clean dry cloth.
- Clean regularly using a soft cloth.
- Protect metal table tops by using coasters and placemats to prevent marks, stains and scratches.
- Do not use bleach or any detergent containing sulphuric or hydrochloric acid.
- Avoid the use of any abrasive cleaning products such as steel wool or scouring pads as these will scratch and damage the surface.

Enjoy your table!

Kind regards,
Marc Poldermans
